GODDELAGALA SREE HARI

SOFTWARE ENGINEER | JAVA | PYTHON | HTML5 | CSS

Hyderabad, India | +91 7702405926 | gsreehari2004@gmail.com | linkedin.com/in/goddelagala-sree-hari-0a8658377

PROFILE

Recent B.Tech graduate (2026) in Electrical & Electronics Engineering with good working knowledge of Java, Python, HTML5, and CSS. Possesses strong analytical and logical reasoning skills alongside hands-on engineering project experience. Quick learner with a problem-solving mindset seeking an entry-level Software Engineer opportunity to apply programming fundamentals, master modern web and backend technologies, and actively contribute to software development teams.

TECHNICAL SKILLS

- **Programming:** Java, Python, HTML5, CSS
- **Fundamentals:** Object-Oriented Programming, Problem Solving, Logical Reasoning, Fundamental Data Structures & Algorithms
- **Technical & Automation:** Microcontrollers, Automation, Simulation & Modeling, System Integration
- **Engineering Focus:** Battery Management Systems (BMS), Renewable Energy Integration, Circuit Design

SELECTED PROJECTS

Electric Vehicle Auto Prototype [LEAD DEVELOPER]

- Designed and developed a functional eco-friendly electric auto-rickshaw prototype focused on sustainable mobility.
- Implemented an intelligent Battery Management System (BMS) to optimize power utilization and extend driving range.
- Integrated motor-control circuits and evaluated vehicle performance under diverse load conditions.
- Applied structured problem-solving, testing, and system-integration approaches during prototype development.

Hybrid Solar Cooker Design [CORE ENGINEER]

- Engineered a hybrid appliance combining concentrated solar thermal energy with electrical heating elements.
- Worked with reflective concentrators and thermal-storage concepts to improve heat retention and system efficiency.
- Applied engineering analysis, design thinking, and collaborative problem-solving throughout product development.

EDUCATION

- **B.Tech - Electrical & Electronics Engineering** | Vidya Jyothi Institute of Technology, Hyderabad (2026)
  CGPA: 8.09/10
- **Diploma - Electrical & Electronics Engineering** | Loyola Polytechnic College, Pulivendula (SBTET, 2023)
  Percentage: 66.14%
- **Secondary School Certificate** | Sri Chaitanya High School, Vempalli (2020)
  CGPA: 10.00/10

STRENGTHS

Analytical Thinking | Quick Learning | Adaptability | Teamwork | Problem Solving | Disciplined Execution
